

R.W. TREWYN, PhD
VICE PRESIDENT FOR RESEARCH EMERITUS
KANSAS STATE UNIVERSITY

RESPONSIBILITIES

As veteran advocate and author at WE, LLC, *Vietnam's War of Hate: Proud Military Veterans Vilified at Home* is forthcoming from Pen & Sword Books, Ltd., UK, and multiple freelance articles are in *ARMY Magazine*.

As the National Bio and Agro-defense Facility (NBAF) Liaison at Kansas State University (2014-22), facilitated campus dialogue with the Department of Homeland Security (DHS), U.S. Department of Agriculture (USDA) and other federal, state and local bio/agrodefense stakeholders during NBAF construction.

As Vice President/Vice Provost for Research at Kansas State University (1998–2014), served as the chief research officer with oversight responsibility for sponsored project administration and compliance. From 2006 to 2014, led K-State's efforts to bring NBAF, a \$1.25 billion foreign animal disease lab, to Kansas.

As Dean of the Graduate School at Kansas State University (1998–2007), managed policy development, administrative services, and program oversight for all K-State master's and doctoral degree programs.

As President of the Kansas State University Research Foundation (1995–2011), administered the patenting of university research-based intellectual property and coordinated its licensing and commercialization.

As Professor of Medical Biochemistry at Ohio State University (1978–94), taught biochemistry to medical students, mentored biochemistry graduate students, and conducted extramurally funded research on cancer development, diagnostics, and therapeutics as a member of the Comprehensive Cancer Center.

- Directed the Comprehensive Cancer Center's tumor procurement service (1980-92), assessed by the National Cancer Institute as the most cost-effective cancer center shared service in the U.S.
- Directed the Ohio State Biochemistry Program, the university's largest interdisciplinary graduate program with over 80 faculty scientists from 6 colleges and 16 departments (1989-91; 1993-94).
